Drastic Measure to Deal With Disorders Accepted by Cabinet and Reported to Parliament.

## NO MORE JURY TRIALS FOR ACCUSED IRISHMEN

Broadest Powers Given to the Military—Immediate Result Likely to Be an Increase of Disorders.

BY PERCY SAILL.  
(United News Staff Correspondent.)  
London, August 2.—A new Irish bill which carries, beneath a camouflage of "for the good of Ireland" clauses, a distinct threat of martial law, with more power to the military and civil forces of the empire, is now before parliament, having been accepted by the cabinet.

After some delay of an extended discussion in the cabinet, the new bill emerged in the form in which it will be presented to parliament on Thursday, when it will, without doubt, bring about one of the most momentous debates in the history of the Irish trouble. It has already been submitted in a "dummy" form, as a preliminary test, to sound out the house.

There was an exceedingly bitter debate within the cabinet itself when the new bill was first discussed, and it was not finally accepted until those who forced it through agreed to more conciliatory action as soon as order is restored throughout Ireland.

The measure, which abolishes the highly farcical "trial by jury" which means nothing in Ireland under the present court system, and substitutes a high court under the presidency of a high court judge, who will be assisted by the military and civil authorities both in London and Dublin.

Wide Powers Granted.  
The widest precautionary powers are granted military authorities for the prevention of insubordinate disorders, and the civil authorities are backed to the limit in their rights to dispose of cases brought before them.

The bitterest kind of opposition is anticipated when the program comes up in commons on Thursday. The laborites and Irish nationalists will furnish a great deal of the strenuous attacks on the measure.

On the other hand, the new bill has enlisted the support of such conservatives as Lord Robert Cecil and Herbert H. Asquith, who will reinforce the coalition strength, on this issue.

It is understood that the labor unions have agreed to permit no strikes as protests on the new action. In Downing street circles it is admitted that the immediate result of clapping down martial law in Ireland will be a noticeable increase in disorders and outrages, but it is felt that with their new powers, the military and civil forces will soon be able to wipe out the disturbing elements, eventually restoring peace.

BATTLE FOUGHT IN COUNTY LIMERICK.  
Dublin, August 2.—Details of a fight which assumed the dimensions of a small battle at Brurea, county Limerick, today are given in an account issued by general headquarters. Fifty armed men ambushed a patrol of military and five men. One of the men was seriously wounded, but owing to the intensity of the attacking party's fire his comrades were unable to assist him.

The raiders reached the wounded man, seized his rifle, and used his body as cover. This prevented the soldiers from firing effectively and the struggle lasted for half an hour before they were able to rescue the wounded man and drag him to a cottage. Surrounding the cottage the raiders poured a heavy fire. The soldiers ran short, and one of them, disguising himself as a civilian ran for reinforcements at the arrival of which the raiders fled. Pursued by the soldiers into the center of the village, they returned and resumed firing, until they got into the line of fire was killed.

Finally the soldiers got the upper hand. They searched the houses in the town and discovered a man mortally wounded.

DIARMID LYNCH QUITS SINN FEIN PARLIAMENT.  
London, August 2.—Diarmid Lynch, Sinn Fein member of the house of commons for the southeast division of Cork and former controller of the republican government, who went to America some months ago, is reported to have resigned as a member of the republican parliament on the ground of differences of opinion between President Valera and leaders of the Irish party in the United States.

Mr. Lynch has sent a long explanatory letter to the speaker of the republican parliament in which it is predicted that his resignation will lead to important developments in the Sinn Fein ranks.

FROM BAD TO WORSE, SAYS IRISH PRELATE.  
Belfast, August 2.—Political utterances have been banned by Cardinal Michael Logue in the archdiocese of Armagh on August 1, the date of the feast of assumption. The Archbishop says in his pronouncement:

"From day to day things are going from bad to worse; destruction of life, destruction of property, repression and relation sacking of towns by armed forces of the crown and to complete our misery resulting in the loss of many useful lives. From recent outbreaks in Armagh, from the house of God is not spared from sacrilegious outrages and desecration of the sacred human blood within sacred precincts."

# PASTOR BRANDED 'LIAR' BY MEMBER OF CITY COUNCIL

Dr. Ridley's Charges "Conceived Only in Imagination and Without Foundation of Truth," Say Resolutions.

## CONFIDENCE IS SHOWN IN PARK COMMISSION

Personal Attack Is Made Upon Minister by Councilman Alvin Richards, Who Refers to Recent Resignation.

Fighting Talk Is Used By Dr. Caleb A. Ridley

In a sensational letter addressed to the City Editor of the Constitution, Dr. Caleb A. Ridley has declined an invitation to accompany Councilman Charles T. Bailey and a reporter on a trip of inspection to the various city swimming pools.

The declaration of the minister is based upon the grounds that it would be "impractical" to accompany Mr. Bailey on such a trip, in view of statements made by the official in the afternoon papers, which Dr. Ridley declares are based upon "misinformation or reckless disregard for the truth."

The letter of the minister is given below:

"City Editor, Constitution:  
"The afternoon paper carries a statement from Mr. Bailey regarding my sermon which makes it impracticable for me to accompany him on an inspection tour tomorrow evening. He might say to me what he says in the paper, in which event one or the other of us might need a bath, either in the pool or at home. Mr. Bailey is either misquoted, misinformed, or very reckless with truth."

Respectfully,  
"C. A. RIDLEY."

Dubbing the statements of Dr. Caleb Ridley regarding the immorality alleged to abound about the swimming pools of the city at night "malicious lies," and declaring that Dr. Ridley was aware of the fact that they were lies when he made his accusations Sunday night in a sermon, C. T. Bailey, chairman of the park committee of city council, today afternoon with a view to arousing the entire body against the minister's accusations.

A resolution, expressing confidence in the park board and park management, and stating the belief that the statements of Dr. Ridley were "conceived only in imagination and uttered without the slightest foundation of truth," was unanimously adopted by the session of the council.

The outbreak of resentment against Dr. Ridley's imputations arose after Mr. Bailey had requested—and had been granted—the use of a city automobile at night until 10 o'clock for the purpose of continuing his nightly visits of inspection to the swimming pools of the city.

Chairman Bailey Replies.  
It was then that the park chairman asked the floor on point of personal privilege, and replied to the "vicious attack made on the city swimming pools Sunday night and reported in the morning paper."

"Dr. Ridley's statements that there was gross immorality about the city swimming pools at night, and that the city officials were 'winking at it,' is a malicious falsehood," said Mr. Bailey. "It is true enough that our force is not numerous enough, nor superhumanly discerning enough to keep all bad, or loose characters away from the pools."

"But they are efficient and watchful enough to put such persons out of the pools and keep them away if they see them 'staring anything.' And that is done, consistently and whenever the occasion arises. If the reverend doctor was normally observant, he would know, as I know, that there is less immorality in practice at the swimming pools of the city than in the moving picture houses, or on Whitehall street."

The attack of Dr. Ridley was represented by several members of council as "an assault on the character of Atlanta's good women, who avail themselves of the excellent and wholesome privileges of the night swimming in the city's parks."

Councilman Alvin L. Richards, in supporting the declarations of Mr. Bailey, and in expressing the confidence he said he believed Atlanta had in the park management, grew keen in his discussion of Dr. Ridley's Sunday night sermon, saying:

"A man, especially a minister of the gospel, who makes it his practice to get drunk, has no right to dictate the morals of the people. The confession that he (Dr. Ridley) made upon his recent resignation from the pastorate of the very church in which he made his talk Sunday night is enough to eliminate him as a moral mentor. And if that could not prove it, I am sure it could be proved on the outside, if necessary. If the personal morals of the doctor are in danger from contact with Atlanta women, I

# Banner of Revolt Raised in Mexico By Governor Cantu

Executive of Lower California Declares Himself in Open Rebellion Against De Facto Regime.

## CANTU DENIED ARMS BY THE UNITED STATES

De Facto Government of Mexico Will Concentrate 60,000 Troops Against Cantu—Surrender of Villa Complete.

Mexico City, August 2.—(By the Associated Press.)—Governor Esteban Cantu, of Lower California, has declared himself in open rebellion, according to advices received by the war department today, as announced to the Associated Press, by General Garcia.

While declining to discuss plans for combating the movement, General Garcia said the government could concentrate 60,000 men at any point in the republic where rebellion might break out. The theater of operations against Governor Cantu would probably be in the southern part of Lower California, not where it is thought Cantu would attempt to force the issue. Efforts will be made to avoid conflict with United States authorities in any campaign against the Lower California governor, the general added.

The declaration of rebellion, it was said, did not come direct from Cantu, but from other sources. Governor Cantu reported no news to the war department yesterday.

No U. S. Arms for Cantu.  
Washington, August 2.—The American government has refused a request of Governor Cantu, of the northern district of Lower California, for permission to import arms and munitions from the United States for use in repelling the reported threatened occupation by Mexican provisional government forces. The request was made by a Washington representative of Governor Cantu.

SURRENDER OF VILLA REPORTED COMPLETE.  
Washington, August 2.—The surrender of Francisco Villa, the representative of the La Lucha government is complete, according to reports, said to be authentic, forwarded to the state department today by the American consul at Piedras Negras, just across the border from Eagle Pass, Texas.

The consul stated that Villa, according to the reports, was being given permission to return to the state of Chihuahua, that he would retain 200 men and that the remainder of the men who had been in his army would demobilize or merge into the regular army at their will.

Information that Villa left Piedras Negras was that Villa left Sabana, Coahuila, on July 20, and that he was in the state of Coahuila, where he was to entrain his troops for Torreon, where they were to be disbanded. It was estimated that he would reach Torreon about Wednesday.

Maximilian's papers of July 30, published a report that 300 rebels under General Marcos Juarez had been captured at Oaxaca, and that General Felix Diaz, nephew of the late President Porfirio Diaz, who had been in command of the forces against the Carranza administration, had been deserted by the men who had served under him.

## Unprecedented Wave of Crime Sweeping U. S.

### Nine Sensational Capital Crimes or Suicides Have Been Committed in Past Two Months—Jealousy and Love the Inspiration.

BY SIDNEY B. HIPPLE.  
United News Staff Correspondent.

New York, August 2.—Is the United States passing through a crime wave of unprecedented proportions, and is that crime wave due to a rapidly falling standard of the value of human life? Is it a reflected action of the great war, or is it the usual summer madness which psychologists attribute to the over-heated brains and distorted, twisted mentality?

Whatever the cause, there have been committed in the past two months nine sensational capital crimes—or suicides—which in their phases of brutality, sang-froid, or sheer mystery, have developed from page sensations for newspapers the country over.

This, too, is by no means a complete list. It is only a partial summary of the class murders or suicides which have been committed in the "hottest" of the "usual" sort type, due to insanity or similar causes.

Here are the nine:

The Nine Cases.  
Joseph Boyne Ellwell, whilst expert, wealthy, favorite with women, murdered in his New York home. Motive unknown—or rather a multiplicity of motives, any one of which might have accounted for the deed. Contains all the elements of wine, women and gambling for high stakes.

Frits Ruekert, wealthy German manufacturer, murdered in his home at Hoboken. No motive discovered, although two women claimed him as fiancée.

The trunk murder. Eugene LeRoy, alias O. J. Fernandez, alias O. J. Woods, sought by police as a slayer of a woman, wife, Florence Jackson, motive jealousy.

T. A. Loftis, wealthy Chicago merchant, a suicide in his apartment after a struggle with Ruth Wood and her fiancé, Roy M. Shayne. Deed thought to have been caused by excessive indulgence in liquor.

Mrs. Carl Wanderer, Chicago, shot by her husband in murder plot "because he wanted to go back into the army." Motive, selfishness, coupled with mental deficiency.

Pauline McGillic, Chicago, a suicide after shooting and blinding.

## NO NEWS RECEIVED REGARDING ARMISTICE

Polish and Russian Delegates Reported in Conference—Feared Conference May Fail Because of Harshness of Russian Terms.

### Rumania to Mobilize Unless Russian Troops Leave Rumanian Soil

Vienna, August 2.—(By the Associated Press.)—Rumania has served an ultimatum upon soviet Russia, giving the soviet three days to withdraw their troops from Rumanian territory, according to a Belgrade dispatch received here today.

In the event of Russia's failure to comply, it is added, Rumania will declare a general mobilization.

London, August 3.—The Polish and bolshevik armistice delegates met Friday evening at Kobryn, on the railroad east of Brest-Litovsk, and the negotiations began Saturday morning, Karl Radok, representing the bolshevik, says a dispatch to The Daily Mail from Berlin.

It is stated that the bolshevik began by demanding the surrender of Brest-Litovsk, which already was in their hands.

NO REPORT RECEIVED OF THE CONDITIONS.  
Berlin, August 2.—(By the Associated Press.)—Although two days have passed since the Polish emissaries arrived at the Russian front to begin negotiations for an armistice, no report has been received regarding either the armistice conditions laid down by the Russians or the progress of the negotiations, according to a Warsaw dispatch to The Vossische Zeitung. It is reported that the Russians are trying to postpone negotiations until Wednesday in order to obtain further strategic advantage.

General Rosadowski, recently appointed Polish chief of staff, is quoted by the message as admitting, in the course of a newspaper interview, the gravity of the situation. He said Poland must be prepared for more serious fighting, but that the Polish command had taken measures to withstand the onrush of the bolshevik, which was aiming at the capture of the River Bug before the opening of autumn negotiations.

Allied Troops Retire.  
A special dispatch to The New Herenger Zeitung states that allied troops, which retired from the Polish frontier of east Prussia when it was reached by the soviet forces, have established their camp at Heilsberg. The report asserts that the interallied command in the region apparently is at a loss as to how to proceed, being taken unaware by the swift advance of the Russian forces, which forced them to withdraw the entire troops in order to avoid a clash. The commission is also now awaiting orders, but is unable to communicate with the entire government.

A train bearing Polish refugees, among them officials and their families, is reported to have been captured by the Russians.

### Baby Christened On Steel Girder Way Above Street

New Orleans, August 2.—Fourteen stories from the street, on a slender girder of steel, Ole Peterson, structural iron worker, held his 6-months-old son at noon today while the Rev. William Reese, chaplain for the central trades and labor council here, performed a christening ceremony. Fifty members of Iron Workers' Union, No. 58, were named god-fathers. They occupied positions on nearby girders.

Below the christening party there were no floors and through the netting of steel rods he glimpsed the concrete basement. The baby apparently was bored.

The whole thing started when Peterson was unable to decide on god-parents for his baby. It was suggested that the baby be christened while his father was "on the job," and it was finally decided that the son of a structural iron worker could appropriately be named on the top girders of the incomplete building of the Whitney Central National bank. The mother gave her consent, details were arranged and the child formally came into possession of the name of Wood L. Peterson.

### NUMERICAL INCREASE SMALLEST SINCE 1870

Washington, August 2.—(By the Associated Press.)—New passenger fares probably will become effective August 20 and advanced freight rates August 25, according to a program outlined tonight by Alfred P. Thom, general counsel for the association of railway executives.

Simultaneously with the effectiveness of passenger fares, the increased charges for Pullman travel and the new rates on excess baggage and milk also will be put into force.

Railroad rate experts have begun the preparation of blanket rate schedules increasing the transportation-cost on a percentage basis. These will be presented to the interstate commerce commission five days prior to the proposed effective dates. The rate sheets will be supplemented by printed tariffs containing rates for all territories and on all commodities as soon as the physical task of working out the multitudinous details can be accomplished. Until this work is done, local rail officials will "compromise" the new rates and charges for their respective territories on the basis of the existing rates plus the percentage increase authorized by the commission.

While this method of putting new rates into effect would be unusual, railroad officials pointed to the provisions of the commission that the higher charges be put in force "as early a date as practicable." By putting the increased rates into effect prior to September 1, the drain on the treasury under the guarantee provisions of the transportation act likely will be ended before expiration of the government's guarantee of earnings to the roads. Officials estimated today that by September 1 the guarantee provisions would have cost the government approximately \$600,000 for the six months since the passage of the present act.

Mr. Bailey, who has been chairman of the park committee of council for four years, said that the attack of Mr. Ridley was a genuine surprise, and that he believed the universal opinion in Atlanta was that the night swimming pools were a great thing for the recreation and amusement of Atlanta working men and women who were not able to take advantage of the pools during the hours they opened during the day. He stated that men took their families to the pools at night, and the best families of Atlanta had visited them, found nothing wrong, and had commended the city on the way in which order and respectability was maintained.

The chairman of the park committee also said that every attempt to keep a strict eye for any laxity of behavior among the bathers, and to report the violation at once to the police. 2. That we express our confidence in the park board and park management, and approve of their earnest and persistent efforts to furnish the people of Atlanta the best possible conditions at their bathing pools.

**Dr. Ridley's Statement.**

Dr. Ridley last night issued the following statement:

"It was to be expected that the one man, more responsible than anyone else for night bathing in Atlanta, would raise a howl and say somebody had lied and that it had happened. Councilman Bailey is red-headed because someone has reproved his pet baby."

"No man in Atlanta is farther from 'sensational' shrinks from it more than I do. Mr. Bailey says I am insulting every woman who bathes at night. He also says that he has never seen anything wrong at any of the pools. He says, further, that he is very 'red-blooded' and always comes away as good as a preacher. Representative George A. Johns, of Barrow, yesterday introduced in the house a bill to make the state tax commissioner elective by the people. The commission is now appointed by the governor for a term of four years. Mr. Johns is a strong advocate of democratic rule, and he feels that the office should be filled by the people at the polls.

While a woman performer was crushed to death in a Swiss music hall by a giant python, the audience applauded, thinking it a part of her "turn."

## MUSCLES FELT AS IF TIED IN KNOTS

"If anybody had told me that Tanlac could do for me what it has done I would not have believed them," said C. R. Hudson, of Knoxville, Ill.

"I was in such bad shape that I could scarcely digest a thing and any solids would give me cramps and affect my heart. The rheumatism made my legs swell all out of shape and the muscles felt like they were tied in knots. I couldn't straighten my right leg at all and it pained me so I could find no rest. Not being able to work any more, I rented my farm and moved to town. I tried about every sort of medicine I ever heard of, but got worse all the time.

"One day I heard some people talking about how much good Tanlac had done them and I decided to try it, and I can now eat anything I want. My rheumatism is all gone and I sleep like a log every night. I feel as strong and well as I ever did and I am able to do as much work as I did years ago."

## TYPOS AFFILIATE WITH SOUTHERN LABOR CONGRESS

Atlanta Typographical Union No. 48, at its regular session Sunday afternoon at the Labor temple, decided to affiliate with the Southern Labor congress. Jerome Jones, one of the most prominent members of the typographical union and editor of the Labor Journal, was elected as delegate to the congress, which convenes in September.

Among the interesting communications received was a letter read to the union from Clark Howell, editor of The Constitution, telling of his trip to the far west and his visit to the Printers' home at Colorado Springs. Mr. Howell warmly praises this charitable institution, maintained by the printers, declaring it is the greatest of his kind in the world.

The Southern Labor congress was organized in Atlanta nine years ago and Jerome Jones was its first president. He has served in that position several terms. The organization has grown in influence and membership and, while it is a live wire organization, it is in no wise connected with the American Federation of Labor. The organization has received the commendation of President Samuel Gompers and Vice President Frank Morrison of the national labor body.

## CONTEST WINNERS IN STATE SCHOOLS FLOCK TO ATHENS

Coming from a large number of counties of the state, several groups of Georgia boys and girls numbering over 100, winners of prizes at county fairs for their corn, pea, plum, poultry, wheat, calf, potato and sewing exhibitions, came through Atlanta Monday en route to Athens, where they will attend the agriculture and farm industry course being offered there at the University of Georgia. Their scholarships have been given them free of charge and all travel and living expenses have been paid by various organizations.

The course, which is held annually at the state college, is under the supervision of Miss Mary C. Creswell, state agent of boy and girl farm activity. The winners of awards are between the ages of 14 and 18 years. State chambers of commerce, bankers and railroads all figure in the defraying of the students' expenses.

Two girls and three or four boys constitute each county's quota for the summer course. Contestants for scholarships are required to keep a record of their methods and expenses incurred. The winners are met in Atlanta by Miss Estelle Boveen, supervising several counties in the vicinity of Atlanta. She states that the boys and girls have been doing fine work this year and that they have entered into their work with great spirit.

### Development of A Normal Baby

An inexperienced mother is often at a loss to know whether her baby is properly thriving, and may be unduly alarmed at small matters, or may not understand the serious nature of certain conditions. The best indications of a perfectly healthy baby are a steady gain in weight and quiet, peaceful sleep. If baby shows fretfulness, sleeplessness, gas or sour stomach, or is inclined to constipation, it should have attention.

Most of baby's troubles come from improper assimilation of food, resulting in indigestion. Baby does not fail to eliminate, and of course baby doesn't develop properly. When these symptoms occur, a good baby laxative will generally suffice, but great care should be exercised not to give baby strong, irritating drugs that will set up inflammation in the delicate membrane of baby's stomach.

One of the best laxatives for babies is "Baby Ease," a perfect preparation by a baby specialist, that is easy-acting, non-irritating, does not produce overaction, or leave baby constipated. It is a safe, harmless and efficient laxative, and corrects baby's bowels, does not improve after a few doses, take him to a physician. Ask your druggist for "Baby Ease"—(adv.)

MAKES CALOMEL  
DELIGHTFUL

Calomel, the Most Valuable of Drugs, Now Purified From Its Nausea and Danger—"Calotabs" the New Name.

The medicinal virtues of calomel are in no way connected with its nauseating and dangerous qualities as is proven by the fact that the new calomel tablet, called Calotabs, is free from objectionable effects yet retains all of the liver-cleansing and system-purifying qualities of the old-style calomel. For biliousness, headaches, constipation and indigestion, and for the general condition, the new de-nauseated calomel tablet is a practically perfect laxative.

To inspire public confidence in this new discovery the manufacturers have authorized druggists everywhere to refund the price if the customer is not "perfectly delighted" with Calotabs. Sold in original packages, sealed. Price thirty-five cents per box. Calotabs, with a swallow of water. No taste, no nausea, no griping, no salts. You water down the Calotabs with a clean liver, feeling fine, and a hearty appetite for breakfast. Eat what you please—no danger—(adv.)

**MOTHERHOOD WOMAN'S RIGHT**  
How Lydia E. Pinkham's Vegetable Compound Helps to Make Women Normal.

Washington, Ind.—"I was in such a condition that I never expected to have children, and my aunt advised me to take Lydia E. Pinkham's Vegetable Compound. It improved my health and a restored a normal condition of my system so that I now have a fine baby. Until she was about a year old I was very nervous, and all the time thinking something terrible was going to happen. If I heard any one coming, my heart would beat fast and I wanted to run. So I took the Vegetable Compound again, and it helped me wonderfully. You may publish my letter, as the medicine is surely great."—Mrs. I. V. BANTA, R. R. No. 4, Box 24, Washington, Ind.

Among the virtues of Lydia E. Pinkham's Vegetable Compound is its ability to correct sterility in many cases. This fact is well established as evidenced by the above letter and hundreds of others we have published.

In many other cases, once children less, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

## The Drink That Made Milwaukee Famous

# BIGGEST QUESTION BEFORE LEGISLATURE

Messrs. Arkwright and Atkinson are not alone.

Mr. Roland Ellis, of Macon, which city loses annually thousands of dollars in excessive bills for light and power paid to the Georgia Light Railway and Power Company of Massachusetts, is in our midst again.

Before the Railroad Commission, Lawrence and Abrams, lawyers of Savannah, where Stone & Webster of Boston collect bills for light at the rate of four times as much as Hamilton in Ontario pays, have heretofore appeared for the public utilities of Savannah in cases involving rates.

Mr. Alex Lawrence of the firm of Lawrence & Abrams, is a member of the House and a member of the Rules Committee. Today the biggest question before the House and in the Rules Committee is that of our undeveloped water-power.

Loafers, black and white, are dangerous.

Far more dangerous, loafing through Georgia go 2,152,850 horsepower of undeveloped waterpower. Each waterpower equals the labor of twelve men. With the unbridled strength of 25,834,200 men, the idle waters only wait the next rain to rage again through Georgia, sweeping towns, farms and homes away and leaving ruined crops and drowned men, women and children in their wake.

God is above both power companies and State.

His gift should not be made an annual curse by our neglect.

Harnessed and put to work, these waters would make our fields richer than the valley of the Nile. In every home could be light and heat. The dark drudgery of the farm could be ended. Dairies, threshing machines and cotton gins, forges and factories would throb with power. Wives and mothers could have a breathing spell and the bent backs of toiling men and women would feel the very strength of God helping them to bear their burdens.

Instead floods threaten their lives and homes.

Coal is above \$15.00 a ton. When winter comes some will be able to get none.

We are short of power, and the companies promise little or no relief even at the present outrageous rates.

## YET THE REPORT IS—

That the Rules Committee of the House will refuse to let the House vote on House Bills Nos. 929-930, which, if passed, will give to the people of Georgia a chance to vote to unshackle Georgia, her towns and cities, and enable them to help our people by facing as equals the power companies now gripping the throat of the State and retarding the development of our waterpowers.

The report must be untrue.

The members of the Rules Committee are Speaker Holder, Chairman; Representative Neil, Vice Chairman; Representatives Arnold, Covington, Hixon, Holtzclaw, Jackson of Jones, Knight, Lawrence, Lankford, MacIntyre, Sweat, Anderson of Jenkins, Griffin, Page, Wohlwender, Smith of Fulton, Dickey, Johnson of Bartow, DuBose, Kelley, Carswell, Stewart and Stubbs.

The reputation of these gentlemen does not justify such a report.

Regardless of their views of the merits of these Bills, which have been introduced at the request of an organization composed of 108 of the leading towns and cities of the State, the Rules Committee, we believe, will agree that they should not kill such Bills behind Committee doors.

If because the Power Companies wish it, another year is to be lost,—and the State is to continue throwing away more than \$215,285,000 annually in wasted waterpowers—

If women and children are to suffer—

If cotton gins and factories are to close for lack of power and flood Georgia with the unemployed—

If farms and towns are to be razed again with raging waters with nothing done—

The people should know those who keep them shackled and helpless, those who oppose letting the voters go to the polls and say whether or not

## HERE'S HOW "BABE" HIT HIS HOMER

Chicago, August 2.—I came up in the fourth inning with Pratt, who had singled, on first and two out. Claude Williams, of the White Sox, was pitching across his southpaw batters. I rather like Williams' pitching. At any rate I have better luck against him than Cloutier.

I had walked twice and I felt it was about due as I had gone hitless Sunday. Williams came in with a fast one with a hop on it and I fouled it into the grandstand. Strike one. Then he tried a low curve on the outside and I let it pass for a ball. One and one. Williams came in with a fast one over the corner of the plate and I stepped in and met the ball squarely just before it would have slipped into the left field bleachers. It was my thirty-eighth home run of the season.

Larry Smith. Time, 1:40. Umpires, Pennington and Campbell.

Following the exhibition of Cracker pitchers today it is doubtful who will pitch in the double header Tuesday afternoon. Marshall will pitch one of the games for the Cracks, and the other will be pitched by the Cracks. Tuesday will be a double header. The first game will start at 2:30 o'clock.

"Buck" Campbell, an umpire in the City League, assisted Dan Pennington today. Campbell umpired the bases and called the game. A number of close plays to decide, had no serious protests and acted perfectly at home in the role of an umpire.

# Crackers Open Long Home Stay

## With the Lookouts Thursday

By CLIFF WHEATLEY.

Most of the holidays for the Crackers have been coming on Wednesday this season, and tomorrow will bring another needed day of rest, as the lads have been fighting hard for the verdicts they've gained in the series with the Chicks at Memphis. Following the off-day—to be spent on the home pasture, we're told—the Crackers will take on Chattanooga for a series of three games, Thursday, Friday and Saturday.

After the Lookouts pull their fade-away scene, the Crackers will be entertained by the Little Rock Travelers, who will play four games here—opening with a double bill at Ponce de Leon Monday afternoon. The Crackers will also the third week of the road trip that is carrying them into practically every city in the Southern League when they arrive for the games with the locals.

The Crackers apparently have shattered the theory of scribes throughout the circuit that they would crack under the road test, but it might be that they'll meet their Waterloo within the Ponce's classic banks and fences. The Travelers have not maintained the clip they usually set on their home grounds, but they're still hanging on to the leadership of Martin's circuit, and the race is gradually drawing to a close.

Well-Known Surprises. The Crackers have a very good habit of pulling huge surprises, and the time ripe for Frank's last desperate drive to the bunting. A badly shattered and shocked team of Travelers will leave these parts after the series. Once before the Crackers were on the verge of the pack when they arrived in Atlanta, but they were not. Immediately after the game, the Crackers were on the verge of the pack when they arrived in Atlanta, but they were not.

What really happened was like a fatal bolt from the blue; the Crackers came to life with fury and smote the Arkansas for every game of the series, with the result that the Crackers were on the verge of the pack when they arrived in Atlanta, but they were not.

# Crackers Open Long Home Stay

## With the Lookouts Thursday

By CLIFF WHEATLEY.

Most of the holidays for the Crackers have been coming on Wednesday this season, and tomorrow will bring another needed day of rest, as the lads have been fighting hard for the verdicts they've gained in the series with the Chicks at Memphis. Following the off-day—to be spent on the home pasture, we're told—the Crackers will take on Chattanooga for a series of three games, Thursday, Friday and Saturday.

After the Lookouts pull their fade-away scene, the Crackers will be entertained by the Little Rock Travelers, who will play four games here—opening with a double bill at Ponce de Leon Monday afternoon. The Crackers will also the third week of the road trip that is carrying them into practically every city in the Southern League when they arrive for the games with the locals.

The Crackers apparently have shattered the theory of scribes throughout the circuit that they would crack under the road test, but it might be that they'll meet their Waterloo within the Ponce's classic banks and fences. The Travelers have not maintained the clip they usually set on their home grounds, but they're still hanging on to the leadership of Martin's circuit, and the race is gradually drawing to a close.

Well-Known Surprises. The Crackers have a very good habit of pulling huge surprises, and the time ripe for Frank's last desperate drive to the bunting. A badly shattered and shocked team of Travelers will leave these parts after the series. Once before the Crackers were on the verge of the pack when they arrived in Atlanta, but they were not.

What really happened was like a fatal bolt from the blue; the Crackers came to life with fury and smote the Arkansas for every game of the series, with the result that the Crackers were on the verge of the pack when they arrived in Atlanta, but they were not.

## N. Y. Yacht Club Gets Challenge From Canadian

New York, August 2.—Officials of the New York Yacht club today acknowledged receipt of a telegram from Alexander C. Ross, Canadian yachting enthusiast, challenging for the America's cup in 1921.

George A. Cormack, secretary of the New York club, said that the challenge would be "duly considered" upon receipt of the formal challenge, which was understood to be in the mails. Mr. Cormack gave no indication as to the probable attitude of the club.

News that Mr. Ross had issued a challenge to compete for the cup in 1921 aroused great interest in yachting circles today, but no authoritative statement could be obtained on the club's attitude. It was stated that no action could be taken until the challenge was received. The formal challenge was said to be in the mails.

Mr. Ross' telegram to J. P. Morgan, commodore of the New York yacht club, made public last night, stated that the challenger would be built on the Atlantic coast and manned by Canadians. Advice from Canada said that the craft probably would be called "The Maple Leaf," and that the estimated cost of one million dollars would be raised by popular subscription.

Mr. Ross, whose home is in Sydney, Cape Breton, is a former member of the Cape Breton Royal yacht club and a member of the Halifax yacht club. His yacht, Cibau, defeated all comers in Cape Breton waters a few years ago.

Lichtenstein, manager of the Chicago boxer, The match, if Beckett's manager accepts, probably will be held in East Chicago or Milwaukee.

## Unofficial Score Puts America 1st In Olympic Shoot

Beverloo, Belgium, August 2.—(By the Associated Press)—Incomplete results of today's pistol and small bore rifle events of the Olympic shooting tournament indicate another triumph for the United States, which is believed to have gained first place for individuals and teams, in both events.

A surprise of the meet was the fine showing today of the Brazilians in the pistol match. They apparently gained second place.

For the team shoot and Aftanio Costa's individual score of 439 is second, so far as the unofficial scores show, only to that of K. T. Frederick, an American civilian whose remarkable 496 gave him first place. Costa casually borrowed one of the American's pistols, shooting it for the first time today, and with it beat A. T. Lane, former Olympic pistol champion, who scored 481.

In the small bore rifles match N. A. Nusslein, an American civilian beat his military countrymen with a score of 391.

Paul Van Asbroeck, the Belgian world's pistol champion, shot badly today, being outside the first five. Official results of today's shooting will not be known until tomorrow when the most closes with the army revolver competition.

In addition to the United States, there were ten countries reported at today's contests—Sweden, Norway, Denmark, France, Switzerland, Poland, Brazil, Canada, Great Britain and Portugal.

Clear weather prevailed during the competition, but there was a high wind.

Unofficial scores for today's pistol match for teams shows the Americans finished as follows: K. T. Frederick, 486 out of a possible 500; A. T. Lane, 481; G. H. Smook.

## KILLING OF BARBER SINGER BIG SHOCK TO UNIV. STUDENTS

Madison, August 2.—(United News.)—Who killed Herman Singer? This question was on the lips of thousands of summer school students here today. Class matters were secondary to the mystery surrounding the death of the barber who was as much a part of the University of Wisconsin as the ivy-covered main hall. He was found at the bottom of an old stone quarry at Sunset Point, just outside the city. Marks on his body indicated he had been strangled and hurled over the cliff.

For years the name "Singer" has been the university synonym for a well-groomed head. All Singers were "Singers." It was an immaculately trimmed head of hair, and a perfect shave.

Thousands of students insisted that only Herman Singer could fit them for a proper appearance at a university function. Sorority girls finding their beaux late for an engagement called Singers. Returning students for years have made a beeline to the Singer barber shop to sit in one of his great chairs, grab an old pipe off the wall and listen to the chatter as they have waited to feel the never-ending Singer shears.

It is conservative to say that Herman Singer knew the hirsutal varieties of 10,000 students and former students. Once told he never forgot.

Hundreds of students were today attempting to assist the police in solving the mystery.

## SOUTHERN RY. POLICY OUTLINED BY HARRISON

Washington, D. C., August 2.—Fairfax Harrison, president of the Southern Railway system, said today:

"The tremendous increase of railroad rates authorized by the interstate commerce commission seems to complete the circle of government management of the railroad industry. It was necessary to carry the scale of expenses set up by the railroad administration, but it must cause grave concern as to its economic consequences. It now remains for private management to resume the practice of competitive efficiency and self-reliance initiative which distinguished the American railroads during so many years and to traced through the old-fashioned American people for that form of administration by making possible not only the success of individual companies and the prosperity of their loyal employees, but a constant and progressive reduction of rates accomplished by an enlargement of service to the public such as may be had this to be accomplished over light, considering the practical conditions, but a start can be made at once to make the management of the Southern Railway system will make the effort."

Hundreds of students were today attempting to assist the police in solving the mystery.

## MOB ATTACKED JAIL, CLAIM OF SOLDIERS

Durham, N. C., August 2.—Retreating their original statements, before they were fired upon by a mob, the Durham Machine Gun company today defended their action at the Alamance county jail in a court of inquiry.

The court of inquiry, made up of Colonel A. J. Boyden, of Salisbury, General B. S. Royster, of Oxford, and Judge W. H. Whedbee, of Greenville, was held in the county courthouse. Tomorrow morning the investigation will go to Graham, N. C., where the mob was completely and tomorrow testimony will be given by citizens of Alamance county.

The officers of the machine gun company, Mayor Newsom and a number of citizens will accompany the investigators to Graham and, if they desire, will be given an opportunity to submit testimony in rebuttal.

The commission will not hand down its decision immediately after the hearing is completed. Stenographic reports of the evidence is being taken and will be thoroughly digested before a report is made to Governor F. B. Hoke, General Royster said today.

The militiamen, in their evidence today, presented a statement submitted by Private John Thompson, and sworn to in the presence of the court. Private Thompson told the court that when the order for his company to go to Graham came, he was visiting his sister in Alamance county. He was at Graham when the company arrived, but was not allowed to participate in its operations, having no equipment. In civilian attire, he mingled with the people who crowded together near the jail. He heard many threats indicating an attack would be made on the jail on the night of the 19th.

At 9 o'clock that night, Thompson said he was in a poolroom a short distance from the jail. There were about fifty men present, and among them was James Ray and Phillips, one of the men wounded. Most of the men, he said, were heavily armed. He heard some of the men say they would attack the jail at 9:30 o'clock that night (the same hour members of the company allege the jail was stormed by a masked mob). Shortly before 9:30 o'clock, he said, the men in the poolroom left in small groups.

Early in the hearing, many Durham citizens were put on the witness stand to testify to the character of the soldiers called as witnesses.

Gompers and Morrison To Capital for Amnesty For Political Prisoners

Washington, August 2.—For the purpose of urging Attorney-General Palmer to recommend to the president the proclamation of general amnesty for so-called political prisoners Samuel Gompers and Frank Morrison, of the American Federation of Labor, will call at the department of justice within a few days at the head of a delegation of labor union officials. This is Gompers' latest move to carry out the terms of a general amnesty resolution adopted by the federation at its convention at Montreal in June.

A statement accompanying the announcement of the proposed conference with the attorney-general from the central labor bodies' conference says:

"Attorney-General Palmer is reported to have told friends returning from the San Francisco convention that a proclamation for general amnesty is planned for next Christmas. The labor delegation will try to learn the truth as to this report, and will urge upon the attorney-general the propriety of earlier action."

Woman G. O. P. Head Thought by Leaders To Be Vote-Getter

Chicago, August 2.—In Miss Adah Elizabeth Bush, new head of the women's division of the republican party, the G. O. P. leaders believe they have landed a vote-getter who will lead millions of women to the polls in November to cast a vote for Harding.

Miss Bush, besides being a woman, is also the champion insurance saleswoman of Indiana. Last year she won insurance sales contests in other man or woman in that state.

Immediately on her arrival Tuesday, she will take active charge of women's activities in the republican campaign for the entire United States. Heretofore Miss Bush's title has been executive secretary of the executive committee.

During the war she went to Washington as manager of the women's committee of the council of national defense and later was sent abroad by the Y. W. C. A. to assume charge of all American women's relief organizations except the Red Cross.

More honors were tendered women today by the republicans when Mrs. Manley L. Fossen, of Minneapolis, was appointed joint chairman of the speaker's bureau for the coming campaign with Senator Harry S. New of Indiana.

## At Last, Relief From Rheumatism

Now Is An Excellent Time to Get Rid of Its Tortures.

Victims of Rheumatism should take advantage of the warm season which is so favorable to the proper treatment for this painful ailment.

Rheumatism is more than a mere local disorder confined to the locality of the painful parts. It cannot be rubbed away, because it is a deep-seated disease that has its source in the blood.

The pain and the inflammation, the little disease germs that cause the disease must be reached and eliminated from the blood before real relief can be had.

S. S. S. has been successfully used for Rheumatism for more than fifty years. It is the most thorough and reliable blood remedy because it searches out and eliminates all disease germs which infect the blood.

Go to your drug store and get a bottle of S. S. S. today, and begin to take a rational, sensible treatment for Rheumatism that will show results. For free expert medical advice regarding your own case, write fully to Chief Medical Adviser, 603 Swift Laboratory, Atlanta, Ga.—(adv.)

## New Hair Growth After BALDNESS

HAIR GROWN ON MR. BRITAIN'S BALD HEAD BY INDIAN'S MYSTERIOUS HAIR GROWER

My head at the top and back was absolutely bald. The scalp was shiny. An expert said that as he thought the hair roots were extinct, and there was no hope of my ever having a new hair growth. Yet now, at an age over 60, I have a luxuriant growth of soft, strong, lustrous hair! No trace of baldness. The pictures shown here are my photographs.

Indians' Secret of Hair Growth

At a time when I had become discouraged at trying various hair lotions, tonics, specialities, etc., I came across, in my travels, a Cherokee Indian "medicine man" who had an elixir that he asserted would grow my hair. Although I had but little faith, I gave it a trial. To my amazement a light fuzz soon appeared. It developed, day by day, into a healthy growth, and my hair grew as it my youthful days.

That I was astonished and happy is expressing my state of mind mildly. Obviously, the hair roots had not been dead, but were dormant in the scalp, awaiting the fertilizing potency of the mysterious pomade. I negotiated for and came into possession of the principle for preparing this mysterious elixir, now called Kotalko, and later had the recipe put into practical form by a chemist.

That my own hair growth was permanent has been amply proven. Many men and women, also children, have reported satisfactory results from Kotalko.

How YOU May Grow YOUR Hair

My honest belief is that hair roots rarely die even when the hair falls out through dandruff, fever, excessive dryness or other disorders. I have been told by experts that often when hair falls out the roots become imbedded within the scalp, covered by hard skin, so that they remain for a time like bulbs or seeds in a bottle which will grow when fertilized. Shampoo (which contains alkali) and hair lotions which contain alcohol are enemies to the hair, as they dry it, making it brittle. Kotalko contains those elements of nature which give new vitality to the scalp and hair.

PROVE FOR YOURSELF

Get a box of the genuine Kotalko at a reliable druggist's. \$2.00 a box. A small testing box, 50¢ (with testimonials, etc.) may be obtained by sending 10¢ in coin, silver or stamps, to my address below.
